To Whom It May Concern,

It is a great privilege to write on the behalf of The Foundation for an Independent Tomorrow (FIT).

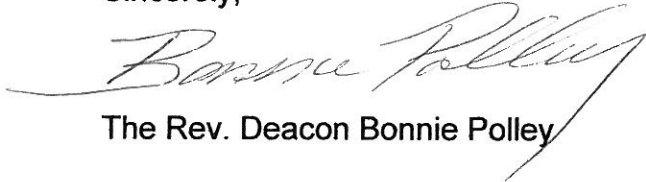

Since its establishment in 1997, FIT has fulfilled its mission in breaking the cycle of dependency through guidance, mentoring, resources and support for education, training and employment assistance.

I have a tremendous respect for Janet Blumen and her team of dedicated men and women who work tirelessly to achieve its mission.

Christ Church Episcopal, where I am on staff as a Deacon, operates a food pantry and a thrift store. FIT clients are welcome to come to our food pantry when they are in the need of food or to our thrift store to meet their clothing needs.

We look forward to our continued partnership with FIT in the years to come as we strive to meet the needs of those we serve.

Sincerely,

The Rev. Deacon Bonnie Polley
