Re: Grant for Veterans Workforce Investment Program

Foundation for an Independent Tomorrow (FIT) is applying for a Veterans' Workforce Investment Program grant to provide assistance to veterans with employment, training, support services and other services in energy efficiency and renewable energy industries (green industries).

FIT has demonstrated the ability to successfully provide these services under the Workforce Investment Act and has the talent and staff to be effective in supporting the veterans' population.

Additionally, veterans' employment representatives and Career Enhancement Program (CEP) training representatives from Nevada JobConnect can refer and partner with FIT to assist veterans in obtaining employment goals and becoming self sufficient. In fact, this is a much needed asset for the Veterans Employment Representatives.

Strongly recommend that FIT be approved for Veterans Workforce Investment Program grant.

Sincerely,

Rex Miller
Local Veterans Employment Representative
